

LIVE EASY

Finally a blanket that works hard so you can rest easy.

Why Use Rambo?

IT IS QUICK AND EASY TO PUT BLANKETS ON AND TAKE THEM OFF

All of the straps on our blankets can be fastened from one side of the horse. You have to walk around both sides of the horse to fasten other blankets which takes twice as long. Our Neck Cover is also quicker to use as it is attached with a few pieces of velcro and can remain attached to the blanket when you are putting it on or taking it off. Traditional hoods have up to 10 hooks that you have to fasten and you have to remove it from the blanket each time you use it.

YOU DON'T HAVE TO WORRY ABOUT YOUR HORSE'S SAFETY AND COMFORT

For starters, you will never come out and find a crooked Rambo Quarter Horse blanket on your horse. Crooked blankets can restrict a horse's movement or even allow the blanket to drape down enough that he could step on it, tearing the blanket or even injuring himself. Secondly, because our blankets don't need leg straps, you never have to worry about your horse being rubbed or getting hung up in troublesome leg straps. Third, you don't have to worry about shoulder rubs no matter how long you leave your horse in our blankets. This is all thanks to our criss-cross belly surcingles and our Euro-Cut, No-Slip design.

YOU WON'T HAVE TO REPLACE OR REPAIR YOUR BLANKETS BEFORE THE SEASON IS EVEN OVER

Three years ago we met Champion Heeler, Britt Bockius, in the parking lot of his local tack shop with an arm full of blankets. When we asked him what he was doing, he said that he has to have his blankets repaired at least once or twice a year. That's when we told him there is a better solution and gave him a Rambo blanket to try. He is still using that same blanket. Britt told us that he will never use any other blanket, because ours last so long and are hassle free.

Our blankets are made of the highest quality materials, so you too will find that a Rambo blanket will hold up through many seasons. When you think about it, the fact that our blankets last so long makes Rambo Quarter Horse blankets the cheapest blankets you can buy.

YOU WILL SPEND LESS TIME GROOMING YOUR HORSE

The nylon lining in our blankets actually grooms your horse for you and keeps your horse's coat smooth and shiny. You can't groom a horse enough to make him as shiny and smooth as our blankets will make him.

Colors

Oatmeal with Brown and White Binding

Suggested Retail \$99

Protector Neck Cover

Neck Cover Matches Protector Flysheet

SIZES - XS, S, M, L, XL

Suggested Retail \$43

After years of research and testing, we have produced this innovative, patent-pending, open weave fabric that won't pick, rip or tear and feels soft against the horse's body

The "V" shape gives your horse more freedom to lower his head and graze. It allows the blanket to be carried on top of the shoulder rather than on the point of the shoulder, therefore allowing the blanket to move as the horse moves preventing shoulder rubs

Matching Neck Cover Available

Matching Neck Cover Available for Rambo Quarter Horse Custom Suggested Retail \$60.00

Custom Stable Blanket

- 1000D Ripstop Polyester outer
- Nylon Lining polishes coat
- 370 Grams of Fill

How To Fit A Rambo Quarter Horse Blanket

To assure a perfect fit, stand your horse squarely and follow these simple instructions. Using a flexible tape measure, start from the center of your horse's chest and measure around the widest part of the shoulder, horizontally, across the barrel, over the widest part of the hindquarter to the center of the tail. That measurement will be the blanket size you need. If the measurement is an odd number, take the next highest measurement. Our blankets come in two inch increments.

How To Care For A Rambo Quarter Horse Blanket

Wash by hand, or on a delicate cycle with cool water in a commercial washer. Use only very mild soap. We recommend Rambo® Wash, which will effectively remove dirt without damaging the waterproof coating. ALLOW TO AIR DRY. DO NOT PUT BLANKETS IN THE DRYER. THIS WILL DAMAGE THE WATERPROOF COATING AND VOID ANY WARRANTIES.
